# About Us

**From multinational to locally based companies, Orsav Limited is a service-oriented company with outstanding client support, operating with excellence and industry knowledge that enables us to provide clients' needs timely.**

## **Our Vision**

To be one of the foremost expert companies in our fields and not compromise integrity/ reliability and on time solutions.

## **Our Mission**

- COMMITMENT
- OPEN-MINDEDNESS
- RELIABILITY
- DIVERSITY
- INNOVATION
- HONESTY
- EFFICIENCY

At Orsav limited we believe in delivering services that maintain our clients assets, improves efficiency and protects both people and equipment. We are committed to the environment and improving the health and safety of the industry. Our strong internal safety record which is testimony to this and an achievement that all at orsav are proud to be part of.

A photograph of an industrial facility at night, illuminated by warm lights. The scene shows a complex network of metal structures, pipes, and scaffolding. In the foreground, a large, rectangular metal frame structure is prominent, possibly a cooling tower or a large storage tank under construction. The background shows more industrial buildings and structures, with some lights glowing. The overall atmosphere is industrial and active.

From multinational to locally based companies, Orsav Limited is a service-oriented company with outstanding client support, operating with excellence and industry knowledge that enables us to provide clients' needs timely.

# Services

## MECHANICAL CONSTRUCTION

Our mechanical construction capabilities include but not limited to:
